

Safety data sheet PEGADOR RP

SECTION 1: GENERAL INFORMATION

Product identifier: adherent

Formulation: concentrated soluble

Physical state: liquid

Presentation: 500 mL, 1, 4, 20, 200 and 1000 liters

EXPORTADORA ENLASA S.A

1st. Street 18-60 zone 4 Villa Nueva

Mayan Golf Industrial Complex, Guatemala C.A.

www.grupoenlasa.com -export@grupoenlasa.com

Schedule of Attention

Monday to friday

From 7:00 a.m. a 4:00 p.m.

Saturday from 8 a.m. - 11 a.m.

Telephone: (502) 2328-1800

Fax: (502) 2328 - 1804

SECTION 2: CHEMICAL COMPOSITION

Composition

Ethoxylated alcohol

Concentration (% w/v)

40.00 %

SECTION 3: RISK IDENTIFICATION

Harmful if swallowed

Risk if serious eye damage

SECTION 4: FIRST AID

GENERAL INFORMATION: immediately change contaminated clothing.

AFTER INHALATION: in case of discomfort after inhalation of vapor/ aerosol: breathe fresh air and seek medical attention.

AFTER SKIN CONTACT: wash thoroughly with water and soap.

AFTER EYE CONTACT: wash affected eyes with abundant water, for at least 15 minutes, keeping the eyelid open. Consult an ophthalmologist.

AFTER INGESTION: wash the mouth immediately and then drink plenty of water, seek medical attention.

INDICATOR FOR THE DOCTOR: Treatment: symptomatic treatment (decontamination, vital function) no specific antidote is known.

SECTION 5: FIRE EXTINGUISHING MEASURE

Suitable extinguishing media:

Water, dry extinguishing media and foam.

Special risks:

Harmful fumes

Smoke / fog formation. In case of fire the substances / groups of substances mentioned can be released.

Personal protective clothing:

Protect yourself with a self-contained breathing apparatus.

SECTION 6: MEASURE TO TAKE IN DURING ACCIDENTAL SPILLS.

Protection measures for people:

Use personal protective clothing.

Measures of protection for the environment:

Retain contaminated water, including fire-fighting water, if contaminated. Prevent it from entering sewage, surface water or groundwater.

Method for cleaning / collection:

For large quantities: pump the product.

For waste: pick up with suitable absorbent materials. Eliminate the material in a regulatory manner.

SECTION 7: HANDLING AND STORAGE

HANDLING:

No special measures are recommended, if the product is used properly. Avoid the accumulation of electrostatic charges.

STORAGE:

Other specifications regarding storage conditions: Keep containers tightly closed and in a dry place; Store in a cool place.

Protect from temperatures above 40 ° C.

SECTION 8: EXPOSURE CONTROL / PERSONAL CONTROL

Respiratory protection: in case of vapors / aerosols formation.

Hand protection: protective gloves resistant to inorganic acid products. Use suitable materials for direct and prolonged contact.

Eye protection: use safety goggles adjusted to the face contour or face full face respirator.

Body protection: select body protection depending on the activity and possible exposure, e.g. suit, apron, protective boots, protective suit resistant to chemicals.

General protection and hygiene measures: Handle in accordance with safety standards for chemical products. Wearing closed work clothing is an additional requirement in the personal protective equipment instructions.

SECTION 9: PHYSICAL PROPERTIES

Appearance
Color
Odor

liquid
fucshia
Characteristic

Pure pH
pH at 10% water
Average density at 25° C (g/mL)

Minimum	average	maximum
-0.5	0.8	2.1
0.2	1.4	2.6
1.0	1.1	1.1

SECTION 10: DATA ON STABILITY AND REACTIVITY

- Hazardous reactions: no dangerous reaction occur during storage and handling.
- Hazardous decomposition products: no hazardous decomposition products are presented, if the storage/handling regulations/instructions are taken into consideration.

SECTION 11: TOXICOLOGICAL INFORMATION

Non-toxic product

SECTION 12: ECOLOGICAL INFORMATION

Persistence/degradability: it is rapidly degraded in soil and water by the microbial route. It does not have the potential to leach in the soil.

Bio-accumulation: low potential.

Possible impact to the environment: The compound does not have mobility in the soil, so there is a minimum risk of contaminating groundwater.

SECTION 13: CONSIDERATION AT THE MOMENT OF ELIMINATION

Clean empty container by triple washing, after its use; drill them not to be reuse. Arrange them according to current local legislation.

The final disposal of the product should be done accordingly to the legislation and the local and national regulations.

The processing, use or contamination of the product can change the final disposal options.

SECTION 14: TRANSPORT INFORMATION

It is not a dangerous product in DOT, IATA, ADR, IMDG or RID.

DOT not registered as a dangerous product.

IATA not registered as a dangerous product.

ADR not registered as a dangerous product.

IMDG not registered as a dangerous product.

RID not registered as a dangerous product.

SECTION 15: REGLAMENTARY INFORMATION

Danger Symbol

Xn Harmful

Phrase (s) - S

R22 Harmful if swallowed

R41 Risk of serious eye injuries

Phrase (s) – S

S39 wear eye/ face protection

S26 In case of contact with eyes/face

In case of contact with the eyes wash immediately and abundantly with water and go to the doctor.

SECTION 16: COMPLEMENTARY INFORMATION

We guarantee that the composition and concentration of this product corresponds to what is indicated on the label. By purchasing this product the user acquires responsibility for its proper use and handling. We guarantee that quality of the manufactured product. We are NOT responsible for the misuse of this product.
